The main workspace displays a 3D wireframe model of an apartment's floor plan. The model consists of several rooms, some of which are filled with orange material. A small red detail is visible on the left side of the main structure. The interface includes a toolbar at the top with various icons for selection, transformation, and modification. On the right, there is a 'Modifier List' panel which is currently empty. At the bottom, there is a timeline with frame numbers from 0 to 100, a status bar with coordinates (x: 2251,465m, y: -19396,583, z: 0,0mm), and a MAXScript Mini console.
